### CUSTOM FORMULAS

Custom formula ordering is limited to a 2 to 6 bottle order and formulas can have up to 4 ingredients (e.g. Ferrum Phosphoricum 8X, Podophyllum Peltatum 8X, Chamomilla 12X and Calcarea Fluorica 30X) per 1 ounce bottle. Our typical availability of ingredient potency is 6X, 8X, 12X, 24X, 30X, 60X, 100X, 6C, 12C, 30C, 100C and 200C; however, not all potencies are available for each intermediate. All formulas will contain 20% ethanol and will be packaged in 1 oz amber glass bottles with glass droppers.

Custom formulas are practitioner-priced at \$9.00 per bottle + shipping. Please allow 5 business days for your order to be processed. Custom Formulas are considered special order and are not returnable or refundable.

Practitioners may special order custom formulas in quantities exceeding 6 units or 4 ingredients as custom batches of 1 gallon/128 1 oz bottles.

### ORDERING

Custom Formulas are available to healthcare professionals only. You must have an account set up before orders will be filled. To establish an account with Energique®, contact our Customer Service Department.

Orders must be placed by calling our Customer Service Department at 800-869-8078, Monday through Friday from 8:00 a.m. to 5:00 p.m. (Central Time).
